Weekly News at Circle C Tennis Club

Dear Members,

The weather has not been very helpful this past week to complete many league matches. Hopefully they will get caught up. Thanks to all the captains for spending so much time coordinating the rain outs.

I just returned from Hilton Head where 57 countries and over 750 PTR Tennis Professionals gathered for their Symposium. After taking 14 hours to get to Savannah due to fog and airplane problems, I finally attended one full day of Cardio Tennis Training. There were 40 tennis pros that were being certified to become "National Speakers." I learned a great deal and we will be using many of the drills and techniques in our clinics.

Sunday and Monday, the Cardio Tennis Team conducted Cardio Classes from 7:45 am to 9:00 am to over 120 players. It was a great way to wake up!!

In the 65 and over tournament, I played well until the finals. I beat the Number 2 seed 6-2, 6-2, and in the finals, I got beat by the number one seed 6-1, 6-1. He is one of the Pros in Palmetto Dunes and has one the 60 and over tournament for the past 5 years.

The "Bijou" show with Henri was well received since this time he was a student "Ninja" from Japan and we had a translator telling him what to do. The crowd was pleased with the show.

I also had opportunities to attend many on court and off court seminars. Chuck Kriese, former coach from Clemson College, did two great on court clinics demonstrating the new "modern" game. The Quickstart tennis, teaching with progressive balls, were the highlight of the symposium and it will be adapted to our teaching to small players and beginner players.

We hope for a better week next week.

Review Rules of Tennis

Last week during a WTTA Match, one of our players served to the player on the deuce side, who when returning the ball fell down on the court. The returned ball landed on the court on the same side as the player who served. This player, concerned about the well being of the player who fell down, grabbed the ball with her hands and proceeded to ask the player if she was OK. The fallen player got up and said she was OK. The player who served asked the players to play the point over, which they did.

Under this scenario, our player should have played that ball first, win or lose the point, then ask if "she was OK." When our player caught the ball, the opponents should have won the point.

So next time, keep playing the point and be concerned about your opponent after you win/lose the point.

That is all for now...
